

RAGFlow API Doctor Test Document

This document is used by the ragflow-api integration test suite.

It verifies that the RAGFlow server can ingest, chunk and retrieve text.

Children in historical societies were often dressed as miniature adults.

Fashion mirrored social status and adult norms in child clothing design.

The miniature adult design philosophy reflected limited childhood autonomy.

Knowledge graphs capture structured relationships between these concepts.

RAPTOR summarisation condenses lengthy documents into hierarchical chunks.

Table of contents extraction improves navigation and retrieval accuracy.
